

WE ARE

Capgemini's delivery center in Columbia, SC

YOU ARE

An experienced technology consultant at the top of your game

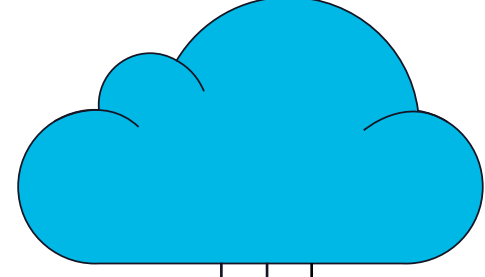

YOUR GAME PLAN

- "I want to mentor the next generation of tech professionals"
- "I want a fresh challenge in a start-up style environment"
- "I want to enhance my own leadership skills"
- "I want less travel time and more face time"

COLUMBIA DELIVERY CENTER

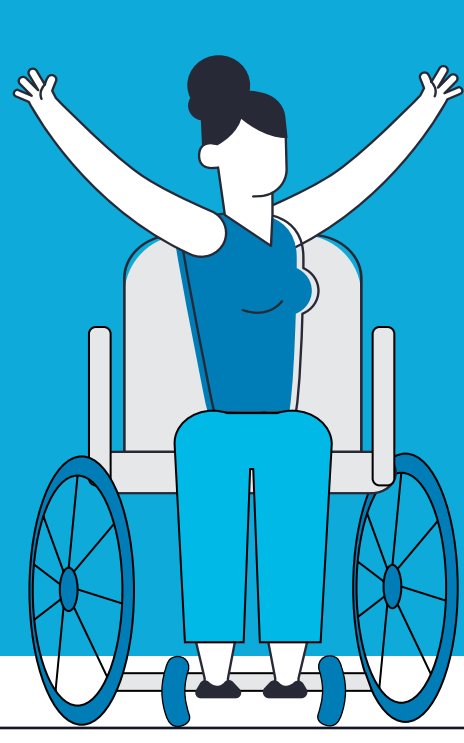

- We help clients leverage the cloud
- Product Oriented Delivery (POD) service model
- Full development lifecycle: End-to-end delivery of systems, services, and solutions
- Opened August 2018. Currently about 250 developers. Average age: mid-20s
- Open floor plan with grouped desks to facilitate face-to-face collaboration
- Excellent opportunities for face time with your teams

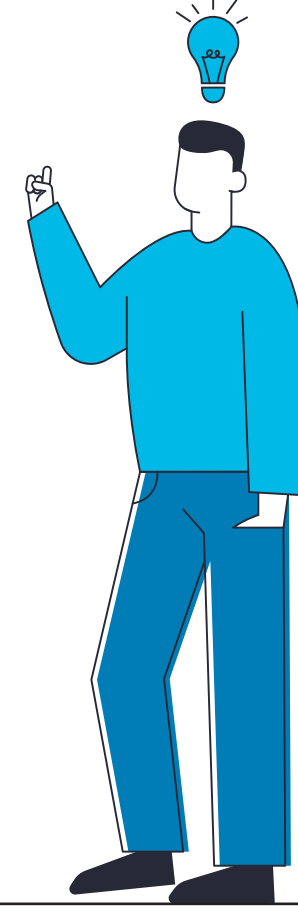

THE REWARDS

- Be at the heart of a facility that's strategically critical to Capgemini's future
- Fast-growing operation provides opportunities for continued career development – even for veteran tech professionals
- Get involved with all aspects of the business – from solutions development, to client-facing activities, to team management
- Vibrant atmosphere, mentoring recent grads with fresh perspectives
- Simultaneously engage with multiple projects across a full range of sectors
- Enjoy improved work/life balance with fewer travel demands
