

DRIVING THE FUTURE WITH SUSTAINABLE MOBILITY

An overview on the road ahead

CAPGEMINI'S FRAMEWORK FOR SUSTAINABLE MOBILITY

COMMIT
to a systematic, holistic approach

SUSTAINABLE STRATEGY & NEW BUSINESS MODELS

- Strategies
- Business models
- Value drivers
- Corporate culture

ACT
working towards sustainability throughout the lifecycle

SUSTAINABLE PRODUCTS, SERVICES, & EXPERIENCE

- Emphasis on circular economy

SUSTAINABLE OPERATIONS

- Procurement
- Factory
- Supply chain

SUSTAINABLE IT

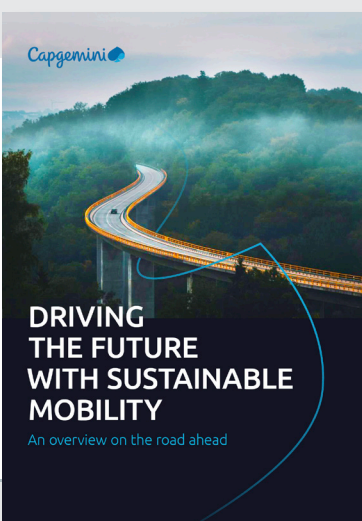

- User hardware and devices
- Networking and communications
- Cloud computing
- Applications and data

MONITOR & REPORT
because we can only act on what we can measure

DATA FOR SUSTAINABILITY

- Intelligence nerve center
- Modern data tools and techniques
- Data sharing – internal and external

Capgemini is passionate about helping the automotive industry to achieve its sustainability goals. Our latest POV outlines our recommended approach, which is based on three main steps: commit, act, and monitor & report.
